

## GRIP & ELECTRIC / GENERATORS

### GENERATORS

#### **(Honda)**

##### **Honda EG2500 Portable Inverter Generator – 2500W**

Light, quiet, and efficient unit with 1-gallon fuel tank capacity and 15.5 HP. AC output maximum of 500W.

*Includes: (1) gas can.*

##### **Honda EU1000i Portable Inverter Generator – 1000W**

Light, super quiet, and fuel efficient unit with a fuel tank capacity of 0.6 gallons. AC output maximum of 1000W and 120V. Run time per tankful of 3.2 hrs at rated load and 7.1 hrs at 1/4 load.

*Includes: (1) gas can.*

##### **Honda EU2000i Portable Inverter Generator – 2000W**

Super quiet and fuel efficient unit with a fuel tank capacity of 0.95 gallons. AC output maximum 2000W and 120V. Run time per tankful of 3.4 hrs at rated load and 8.1 hrs at 1/4 load.

*Includes: (1) gas can.*

##### **Honda EU3000i Handi Inverter Generator – 3000W**

Super quiet, light inverter generator with a fuel tank capacity of 1.6 gallons. AC output maximum of 3000W and 120V. Run time per tankful of 3.5 hrs at rated load and 7.7 hrs at 1/4 load.

*Includes: (1) gas can.*

##### **Honda EU7000iS Inverter Generator – 7000W**

Super quiet, fuel injected unit with a fuel tank capacity of 5.1 gallons. AC output maximum of 7000W and 120/240V. Run time per tankful of 6.5 hrs at rated load and 18 hrs at 1/4 load.

*Includes: (1) gas can. Loading ramp available upon request.*
