

LENSES / LENS ACCESSORIES

LENS ACCESSORIES

(Adapters, Converters & Mounts)

ARRI B4 Lens Mount

Optical, mechanical, and electronic interfaces for B4 mount lenses with minimum focus distanced of 10". Compatible with ALEXA Mini and AMIRA.

ARRI EF Lens Mount

Compatible with ARRI ALEXA Mini and AMIRA.

Includes an interface for iris control.

ARRI Shift & Tilt Retro Adapter

Swing-shift orientable stage/bellows system for tabletop applications (e.g., macro photography), to manipulate the focus plane. Features: 20mm focal length, 360° rotation, PL & Retro-Adapters, and support for 15mm/19mm rods.

ARRI / ZEISS "ASPHERON" Wide Angle Adapter

80mm adapter converts a 9.5mm to a 5.6mm and a 12mm to a 6.6mm equivalent.

Bayonet to PL Adapter

Stainless steel lens adapter to connect bayonet mounted lenses to PL-mounted cameras.

Century Precision Optics 0.55x Fisheye Adapter Lens

Fisheye adapter designed for Panasonic AG-HVX200 camcorder, with bayonet mount. Produces extreme degree of barrel distortion with a magnification factor of 0.55x.

Century Precision Optics .65X Wide Angle Converter Lens

Screw-on converter lens for use with 58mm thread camcorders. Captures wide angle-of-view (35% more coverage) while maintaining full zoom capability.

Century Precision Optics .75X HD Wide Angle Converter EX1/EX3

Designed for Sony PMW-EX1/EX3 camcorders, with bayonet mount. Features 25% wider angle of view: for shots in small rooms, moving shot stability, and stylized close-up views.

Century Precision Optics .8x HD Zoom-Thru Wide Angle Converter

Wide angle converter with clamp-on mount. Provides a 20% wider angle of view.

Century Precision Optics .8x Zoom-Thru Wide Angle Converter (MKII)

Wide angle auxiliary converter, captures wide angle-of-view (20% more coverage) while maintaining full zoom capability. For Mark II. Compatible with Canon 15x, 16x, and 17x IF broadcast zoom lenses.

Century Precision Optics WA-7X5X Wide-Angle Adapter Set

Set includes two lenses: the WA-7X93 .7x Wide-Angle (increasing coverage by 30%) and the WA-5X45 .5x Super Wide-Angle (nearly doubles coverage when added to .7x).

Metabones Canon EF Lens to Sony E-Mount T Smart Adapter

Smart adapter compatible with Sony PXW-FS7, with full support for Canon EF and EF-S mount lenses.

Panasonic AG-LW7208 0.8x Wide-Angle Lens Adapter

Wide angle converter designed for Panasonic AG-DVX100B camcorder. Produces an additional .8x magnification (20% wider angle of view).

P+S Technik Mini35 Digital Image Converter (Panasonic Kit)

Converts 35mm image from professional film lenses (motion picture and still), then down-scales and transmits to CCDs. Produces virtually same depth-of-field, focus, and angle-of-view as with a 35mm film camera.

Includes: (1) basic converter unit with Mini35 400 Connecting Kit for Panasonic.

P+S Technik PRO35 Image Converter (MKII Model)

Converts 35mm image from professional film lenses (motion picture and still), then down-scales and transmits to CCDs. Produces virtually same depth-of-field, focus, and angle-of-view as with a 35mm film camera. Used with 15mm lightweight support rods.

Wooden Camera E-Mount to PL Mount Pro (Sony FS7)

Professional, shimmable PL mount adapter compatible with Sony PXW-FS7 and Sony E-mount.

(Extenders)

Century Precision Optics 1.4x Extender

High resolution extender for telephoto lenses, increasing lens focal length by 1.4x, with one stop light loss.

Century Precision Optics 2x Extender

High resolution extender for telephoto lenses, increasing lens focal length by 2x, with two stop light loss.

Century Precision Optics 2x Extender (B-Mount)

High resolution extender for B-Mounted lenses, increasing lens focal length by 2x, with two stop light loss.

Century Precision Optics 2x Extender (PL Mount)

High resolution extender for 35mm PL Mounts, increasing lens focal length by 2x, with two stop light loss.

(Filter Systems)

Century Precision Optics TeleFx Rear Filter Stage System

Attaches to the rear of Series 2000 and custom prime lenses; PL or B mount. Features: two stages (with continuous 360° rotation), 45mm x 70mm filter compatibility, and identification slate.

(Lens Support)

6.6"x6.6" 4-Stage Clamp-On Filter Holder (for 9.8 Kinoptic)

Custom-built, 4-stage filter holder for the 9.8mm Kinoptic wide angle lens.

ARRI LS-9 Lens Support for 19mm Studio Bridge Plate

Snap-on support designed to attach without removal of other 19mm rod-mounted accessories.

ARRI LS-10 Lens Support for 15mm Studio Bridge Plate

Snap-on support for heavy zoom lenses; designed to attach without removal of other 15mm rod-mounted accessories.

ARRI LS-11 Lightweight Lens Support for 15mm Rod System

Lightweight, snap-on support designed to attach without removal of other 15mm rod-mounted accessories.
