

GRIP & ELECTRIC / REFLECTORS

REFLECTORS

(Reflector Boards)

Matthews Aluminum Hand Reflector – 24"x24" (Silver)

Yoked reflector which terminates in a 5/8" receiver. "Soft" side has stippled silver material, "hard" side has shiny silver paper.

Matthews Mirror Reflector – 42"x42" (with Yoke Brake)

Yoked mirror reflector with tempered glass and special brackets for easy changing. Yokes have brake in pivot with 1-1/8" pin. Commonly used for reflecting HMI PAR or Xenon light sources (higher temp light sources).

Matthews Standard Reflector – 42"x42" (Gold)

Yoked reflector which terminates in a 5/8" receiver. "Soft" side has stippled gold material, "hard" side has shiny gold paper.

Matthews Standard Reflector – 42"x42" (Silver)

Yoked reflector which terminates in a 5/8" receiver. "Soft" side has stippled silver material, "hard" side has shiny silver paper.

Reflector 42"x42" – 9 Mirror Array

Custom reflector array with (9) individually articulated mirrors.

(Collapsible Reflectors)

Lastolite 38" Flexfill (Silver/White)

Collapsible (1/3 original size) and reversible, allows control of lighting contrast and quality with both natural and artificial light.

Lastolite Adjustable Holder for Collapsible Reflectors

Ideal for mounting Flexfill reflectors. Standard 5/8" socket accommodates most light stands.

Photoflex 5-in-1 MultiDisc Reflector – 32"

Versatile, light modifier system for controlling and directing light. Features: white, silver, gold and soft gold colors; translucent internal disc; and double-riveted spring steel frame.

Photoflex 5-in-1 MultiDisc Reflector – 42"

Versatile, light modifier system for controlling and directing light. Features: white, silver, gold and soft gold colors; translucent internal disc; and double-riveted spring steel frame.
